Victor:

I need first to know who made the reservation. Our response may be influenced by whether it was a "legitimate student group" or people off-campus simply using an alleged "student group" as a front in order to use our campus as a site for her expression of views. I spoke with Seamus last night and he told me that the group behind this event is not known to or recognized by SFUO or GSAÉD. He says Coulter's website sets out some info about them.

Once we know who booked our facilities, we should then consider an estimate of our security costs and whether to require a cash deposit as a condition of allowing them to proceed.

À titre d'information. Il faut que je réponde sous peu, et j'apprécierais recevoir vos commentaires. D'après moi, il faut maintenir le respect pour la liberté d'expression, peu import les opinions qui seront exprimées. Mais je suis sensible aux préoccupations.

J'attends donc de vos nouvelles.

Allan
