Faculty of Science
Office of the Dean

November 6th, 2007

Professor Denis G. Rancourt
Department of Physics
INTRA

Dear Professor Rancourt,

I acknowledge receipt of your email dated 2-NOV-2007. As Dean of the Faculty, I can confirm that I place great importance that all professors in the Faculty be able to conduct their academic and administrative duties in a collegial work environment free of threats, harassment and derogatory comments.

To this effect, I can confirm that following the reception of your complaint on 3-JAN-2007 (G-8) I met with Professor Alain St-Amant on several instances to discuss the matter and I specifically asked that he refrain from making such comments aimed towards you or any other colleagues at the University. Furthermore, I am pleased to observe that Professor St-Amant has complied with my request.

Sincerely,

Andre Lalonde
Dean
Faculty of Science
