**RE: Case No.: 2011-95023 and 2011-95024; Joseph Michael Marc Jolicoeur and Nadia Effendi**

Dear Taryn McCormick:

The present is in response to your letter dated Mach 14, 2011, in the above-mentioned matter.

You make requests for further documents to be provided to you by April 4, 2011.

All the OLRB Applications, Responses, and Rulings to date are publicly available here:

<http://rancourt.academicfreedom.ca/background/olrb.html>

In addition, I have attached copies of these documents to the present email (as a zipped file of several PDF files). These documents include mention of an agreement (to go to arbitration) between my union (APUO) and the employer (University of Ottawa) for which I was not given a copy or any more details.

There have been no other developments in these OLRB matters to date.

As I stated in my LSUC complaint, there have been no responses or acknowledgments (in any form) from Mr. Jolicoeur or Ms. Effendi regarding my written correspondence of October 27, 2010 and December 13, 2010 or any of my communications to them in this matter. This remains true to the present date.

Please inform me if I misunderstood your requests. This is all I can see in response to your request.

Please contact me if you require any additional documents or clarifications.

Please acknowledge receipt of the present communication.

Sincerely,  
Denis Rancourt
