Your press release: [http://www.media.uottawa.ca/mediaroom/news-details\\_2217.html](http://www.media.uottawa.ca/mediaroom/news-details_2217.html)

Please respond by February 2nd

Dear Andre,

As you know, I am a show producer/host at CHUO 89.1 FM Ottawa (Campus Radio, U of O). I also produce the

watchdog blog "UofOWatch" about the University of Ottawa. The present inquiry is for media reports.

I hope you can answer some basic questions about the 2011 National Capital Region's (Ottawa) 25 best employers Mediacorp competition in which the University of Ottawa was an award winner and about which you wrote the above-referred-to press release.

I have not been able to find answers by an internet search of Mediacorp web sites (including [eluta.ca](http://eluta.ca)).

(1) How many employers were considered (applied) for the 2011 Ottawa 25 best employers competition?

(2) What are the names of all the Mediacorp Editors (judges) involved in the selection of winners for the 2011 Ottawa 25 best employers competition?

(3) Was the University provided with its scores in each of the eight selection criteria for the 2011 Ottawa 25 best employers competition? If so, what were the scores?

(4) Did the University pay for any part for the Editorial Partner's (Ottawa Citizen newspaper) special insert report about the 2011 Ottawa 25 best employers competition? If so, how much and by what mechanism (purchase of advertisement, direct cost of insert, etc.)?

(5) Did the University pay an application fee to Mediacorp to enter the competition? If so, how much?

(6) Who interviewed Mr. Rock for his reaction to the award?

(7) Please make any other comments or clarifications that you feel should be made.

Thank you in advance for your cooperation.

Please acknowledge receipt of the present request and indicate if you will be able to reply by February 2nd.

Sincerely,

-denis
