

October 7, 2011: C. McKeown, J.

This motion cannot be heard today because of the order of case management Master McLeod ~~made~~ ^{made} yesterday which entitled the plaintiff to complete cross-examination of affidavits evidence filed by the defendant in this motion. The motion shall be rather lengthy, judging by the history of this case. One day should be set aside for argument. A preliminary date of November 15, 2011 is scheduled commencing at 10:00 AM.

As to costs, see my endorsement on the motion record in aid of striking out the notice of examination.
